Sumaco Amazon Forest - Ecuador

About us

Biolcom is an Ecuadorian company under Swiss management, which started operations in 2003.

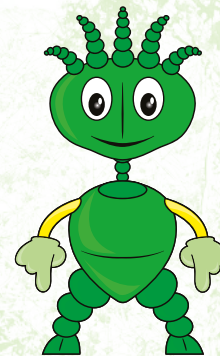

Our target:

- Using the advantage of the biodiversity of Ecuadorian fruits, herbs, and plants to produce natural healthy products for the world market.
- Developing sustainable superfood production in coordination with the law of nature.
- Providing healthy, unique, and nutritive products for our customers.
- We are always focused on taking advantage of the Ecuadorian fruits and herbs properties with a sustainable development.
- Our brand is "SCORPII", A twin of the sun in the constellation of scorpion 45 light years from the earth, and supposed to harbor extraterrestrial life.

Tropical fruit vinegars

16

- In order to keep all beneficial elements as polyphenols, we cold process our vinegars max. at 30° C. We maintain the pulp inside our vinegar to preserve the benefits of the fruit. The ripening process improves flavor. ***The older the vinegar, the better the taste!***
- Product with double fermentation.

Swiss quality, technology and innovation for superfoods production in Ecuador.

Sacha Inchi Oil

- *Healthiest food on earth with contains Omega 3, 6, and 9! the perfect solution for brain and heart.*
- Sacha inchi lowers cholesterol.
- These seeds contain a good amount of tryptophan, a precursor for serotonin. Serotonin is a feel-good hormone and neurotransmitter that helps us deal with stress and feel calm and happy. The omega 3 also reduces brain inflammation, which can cause mood shifts, headaches, and more.
